**OFFICIAL FOREWORD BY CEV PRESIDENT
ALEXANDAR BORICIC****2017 CEV Volleyball European Championship - Men
Poland – August 24-September 3, 2017**

Dear Volleyball friends,

Even though there are still a few months to go, we all look forward to the gigantic Volleyball party we expect will be taking place in Poland later this summer!

We share the same excitement and anticipation with millions of fans from all over the world, who are counting the days down to the historic opening match featuring the national teams of Poland and Serbia – with more than 60,000 people set to attend this game at PGE National Stadium in Warsaw!

Everyone – fans, players, media and all stakeholders in our Volleyball family – expects EUROVOLLEY POLAND 2017 will break new ground and deliver the experience of a lifetime. The expectations are high but we are working closely together with the local organisers in order to deliver a successful tournament and, on top of this, a Volleyball party that will involve and engage the fans on site as well as all those following the competition on TV and on social and digital media.

Poland is the perfect place where to host such a terrific Volleyball party – their colourful, passionate fans have set the benchmark many times already and all players acknowledge it is a truly unique experience to perform before such a crowd.

EUROVOLLEY POLAND 2017 will add another chapter to the history of Volleyball in Poland and in Europe as well – never before a European Championship match has taken place before a crowd as large as the one expected to gather at PGE National Stadium. On top of this, this tournament will take our sport to the next level especially in terms of entertainment and fan engagement, thus delivering what we call a ‘total Volleyball experience’.

A real Volleyball fever will soon be mounting across the whole of Europe and even beyond – since fans from overseas have already showed an interest in travelling to Poland to witness the Volleyball party of the year!

I would like to thank the Polish Volleyball Federation, the authorities from the respective host cities as well as all sponsors and partners for the immense support they are providing to the delivery of this event and for their contribution to the efforts that we are making so that EUROVOLLEY POLAND 2017 turns into an unprecedented success!

I wish all players and coaches the very best for their preparations and I look forward to sharing this historic moment for European Volleyball with thousands and thousands of fans!

Yours sincerely,

Aleksandar BORIČIĆ
CEV President

**OFFICIAL FOREWORD BY PVF PRESIDENT
JACEK KASPRZYK**

Dear Volleyball Friends,

The most anticipated Volleyball tournament in Europe is drawing near. From August 24 till September 3 the eyes of the Volleyball world will be turned to the CEV Volleyball European Championship – Men – EUROVOLLEY POLAND 2017.

Our country has been organizing top-level Volleyball competitions for many years, treating the devoted Polish fans to some amazing sport feasts – crowned with the World Championship - Men three years ago. Now Volleyball returns to the PGE National Stadium, with another Opening Ceremony and Match of epic proportions and for the first time in the history of the Old Continent's premier event.

This edition of the European Championship is also going to be special for a number of other reasons: for the 30th time in Europe, for the first time on such scale, for the last time in this formula. I would like to thank the European Volleyball Confederation for trusting us with the organization of such a unique event.

My sincere thanks go to the Host Cities of Gdańsk, Szczecin, Katowice and Kraków, their authorities and everyone involved in preparations to the tournament for their commitment and passion for our sport. I also want to thank all EUROVOLLEY POLAND 2017 Sponsors and Partners, for their unfailing support.

Most of all, I would like to thank our faithful Polish Volleyball fans, whose support has been our greatest strength, and invite them all to the Volleyball event of the year. It is going to be more than just 11 days with the best 16 national teams of Europe – it is a historical moment and an experience no Volleyball fan should miss. Come and see it for yourself – EUROVOLLEY POLAND 2017 awaits!

Yours sincerely,

Jacek Kasprzyk
PVF President

All information, including news and tickets, are available in two languages (English and Polish) on the official competition website <http://www.lottoeurovolley2017.com/> as well as on the CEV website (www.cev.lu).

For social media the official hashtag is #EuroVolleyM, please ensure that this is used when posting about the event, along with #Volleyball. We also ask that federations, teams and players also tag the official event accounts when posting, as well as following what is published as they can, namely:

Facebook: @CEVEuroVolley

Twitter: @CEVEuroVolley

Instagram: @cevolleyball

Following the line set by last season's Champions League Final Fours, these Final Rounds will see a step change in the focus and coverage from a Communication standpoint. Whilst the CEV fully understands that a player's main priority is to perform, teams must also appreciate that together we must utilise these opportunities for promotion and growth of the sport, as well as of the EuroVolley brand.

Around the matches the CEV has a dedicated media team who will be asking teams and specific players to participate in media actions, ranging from more traditional interviews, to funny activities or games.

Additionally, on arrival at the venue, coaches will be asked to conduct short interviews for television and social media. While after each match, both teams (including coaching staff), must pass through the mixed zone and we ask that all engage with the attending media. An i-Zone (Interaction-Zone) will also be arranged at each venue for use by television and media after teams are changed and before they depart the venue. We ask that teams cooperate fully with this as it is an important time to promote what we are doing. Below you will find an example of how this room will be set-up:

Below are the main team media requirements for the event:

- `Media Meeting`, replacing the press conference. These will be ran at various times throughout the competition to provide a place where accredited media can meet with and interview the coaches and captains. More information will be circulated as necessary.
- `Social Media Account take overs`, players will be identified to take over and run the CEV EuroVolley accounts answering questions from and interact with the fans.
- `Media games and actions`, mainly around the team hotel, players will be asked to participate in a wide range of activities that will be caught on camera and released on social and digital media focusing on life away from the court. Whilst some of these will be released during the Final Round, others will be made timeless and will be used in the National Team "off season". For some examples of what we are looking to do check out our YouTube channel, especially the videos from the recent Champions League Final Fours.

In each case, the CEV media team will make contact with the respective team staff / Team Media Officer to coordinate which players are due to participate in such actions and when these will be conducted. We thank you in advance for helping us promote the event and grow our sport.
